Home Group Covenant & Values

This covenant exists to enhance the experience of both the group as a whole and each member. The ultimate desired experience is deep, Biblical community for the group and spiritual growth for individuals.

Group Attendance	To give very high priority to group meetings, seeking to be on-time and to call as a courtesy if I will be absent or late.
Multiplication	To support and participate in the group multiplication process after 18-24 months together so that others are reached for Christ and participation in group-life.
Confidentiality	To keep anything that is shared fully confidential and within the group unless explicit permission is given to involve others in prayer.
Spiritual Health	To seek a deeper spiritual walk with Christ by investing time, thought and prayer in the group study and to encourage other group members in their walk with Christ.
Prayer	To pray for members of the group and the requests they share, to pray for the leader(s) of the group, and for the church.
Participation	To share responsibility for the tasks and participation needed for a successful group; in group discussion, being one who to participates while being careful not to monopolize the conversation.
Authenticity	To be real with one another, using discretion in the context of the group. Being real will help me and others to grow in Christ.
Conflict Resolution	To resolve any and all conflict in accordance with the pattern laid out by Jesus in Matthew 18:15-17, first going to the individual causing offense in order to reconcile the relationship.
I covenant with other men	nbers of my group as we do life together according to these values.
